LETTER OF APPRECIATION

From time immemorial we have been reading about enlightenment of extraordinary beings on earth. Enlightening a person from his ignorance is considered as one of the greatest charities one can render to the other in this world. One of such benevolent acts was witnessed by me in the extraordinary personality of Mr. Arun D'Souza, the saviour.

Without slightest exaggeration I would like to thank Mr. Arun D'Souza from the bottom of my heart and soul for his timely enlightenment about the unclaimed shares that I and my family was belonging to. He undertook all the legal procedures fighting against the odds to procure and get released the shares that I legally belong to.

It is said fortunes are showered upon us by the Almighty God through the medium of different personalities on earth and they are the ambassadors sent by God. Mr. Arun in my life is a discoverer and I would place him at par with Vasco Da Gama or Christopher Columbus who discovered the impossible. Mr. Arun D'Souza for me is not less than those two legends the history has ever witnessed.

I, Mr. Aziz Ahmad Siddiqui with the deepest sentiments and love in my heart thank Mr. Arun D'Souza and place on record all the great contributions rendered by him and his team in receiving the unclaimed shares in my life. May God bless him abundantly and i wish him all the very best in the future to come.
