To Whom It May Concern

Mr Arun D'Souza of Asset Tracers approached me having identified some lost shares from a grand uncle. I was suspicious at first. However, I decided to give him the opportunity to demonstrate his capabilities.

Arun and his team were diligent and thorough in their work and despite the delays resulting from the pandemic they were able to retrieve the said shares. They handled all the administration and were most helpful, transparent and responsive in all their dealings with me

Yours sincerely

A handwritten signature in blue ink that reads "Rustom Kanga". The signature is fluid and cursive, with a long horizontal stroke at the end.

Dr Rustom Kanga
