**LETTER OF APPRECIATION**

I am writing this letter as a humble note of appreciation for the outstanding Client Service provided by **Mr. Allen Wesley**, my Case Manager, **Mr. Ajit Jude Lobo**, **Mrs. Crystal Lobo** and all those who worked backend to recover the unclaimed shares with various companies held in the name of my mother since deceased. We had no clue about these investments. Initially hard to believe, it came as pleasant surprise once we were briefed in detail. Since day one until completion of various legal and commercial obligations and tasks, which has been a complicated process, we were guided with high level of professionalism and business acumen.

Thank you once again for all that you have done for us and I certainly would recommend you and your company to anyone who would need similar services. Wish you all the best with your future endeavours.

Regards,

(Aubrey Millet)
