TO WHOMSOEVER IT MAY CONCERN

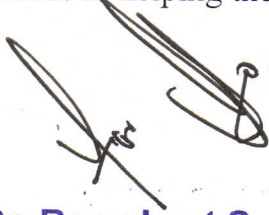

Mr. Arun D'souza representing Asset Tracers India is personally known to me. I would like to take this opportunity to thank him personally for the sincere, excellent and professional services rendered to me and my Family during the last three years.

He was helpful to us in receiving the unclaimed shares and dividends in the names of my father and Mother from different companies.

His professional ability to get to the bottom of the problem and in finding the solution is commendable.

I would like to take this opportunity to thank Mr. Ajit Lobo and the entire team of Asset Tracers India for their relentless efforts.

I wish Mr. Arun and Team of Assets Tracer India all the very best in future and continued success in helping the needy and helpless.
